Armor at War Series

This ever-expanding series provides an in-depth study of famous armored vehicles from various wars and conflicts. The carefully selected photos portray military vehicles in an interesting range of combat situations, and are supported by informative captions and an introductory text. The combination of fascinating combat photos will provide endless inspiration for fighting vehicle and diorama modelers. The 72 page format features no less than 170 high quality black and white period photos and a series of 16 color plates.

Special

Sturmartillerie comes under the spotlight in this first volume of a special new series of books. The approach is totally different to any existing Concord series, with these new books containing unit histories, background details, and an abundance of previously unpublished photos. Each volume in the Sturmartillerie series covers a particular period of the history of the StuG guns, and all books are amply supplied with numerous illustrations and color plates.

* German Airborne Mungo
* Dagger Brigade in Noble Shepherd
* US Army Helicopters at War

Armor at War Mini Series

Modern military vehicles come under the lens in this full-color series of books. Each volume examines a particular family of vehicles and any associated variants, and records them with over 120 high quality photos. Additionally there are four color plates portraying camouflage and markings of vehicles, and a centerfold containing accurate 1:35 scale line drawings.
